VIRTUAL PEDIATRIC PT: SIMPLE AND EFFECTIVE

What Is It?

It is a remote, one on one Telehealth visit that is performed by our skilled pediatric physical therapists

Parents receive:

-Direct instruction
-Education on how to best use positioning, stretching, strengthening and fun activities to work on your child's physical therapy goals
- Immediate feedback from your physical therapist

Benefits:

-New patients will be evaluated and can start right away
-Current patients can continue working on you child's progress
-Spend productive, quality time with your child
